Subject: Voter data breach: Protect your personal identifying information

To: info@peachpundit.com

Friends,

Last week, the [AJC](#) published a disturbing piece regarding a data breach at the Secretary of State's office.

The breach jeopardizes personal information, including social security numbers, of 6.1 million registered Georgia voters.

While I believe Secretary Kemp should be held responsible, now is not the time for politics. Right now, we need to make sure that the personal information of voters his office failed to keep safe has not been used in a nefarious manner.

If you are a registered voter, I hope you'll take the time to contact one of the three main credit bureaus to set up an initial alert to protect yourself from identity theft. Their contact information is below.

Equifax: 800-525-6285 or www.equifax.com

Experian: 888-397-3742 or www.experian.com

TransUnion: 800-680-7289 or www.transunion.com

As always, if there is anything I can do, please don't hesitate to reach out to me and my office. We are monitoring this closely and should we learn anymore information or steps to protect you from identity theft, we will reach out again.

Sincerely,

A handwritten signature in black ink that reads "Stacey". The signature is written in a cursive, slightly slanted style.
